READING ROOM

If photography albums and publications are your passion...

If you're interested in technical novelties...

If you like admiring the works of well-known and esteemed authors or you're searching for completely new talents...

I know the perfect place for you!

Especially for you, this year at the Fotofestiwal in Łódź we will open a **READING ROOM** – a place where you will be able to spend your free time between exhibitions and workshops in a pleasant way. At the Reading Room, you will have the opportunity to borrow wonderful albums with photographs of acclaimed authors, acquaint yourself with catalogues of exhibitions and festivals, read books connected with the history and theory of photography and visual arts. This is where you will also find great photography magazines, such as BLOW Magazine, EYEMAGAZING, AZART PHOTOGRAPHIE, BRITISH JOURNAL of PHOTOGRAPHY, FOTO, FOTOGRAFIA, EIKON MAGAZINE and many others. All this is available for carnet holders – without time limits and in a relaxing atmosphere!
