

BOOKOFF BOOKSTORE

You can spend breaks from the exhibition in the Bookoff bookstore which will open its branch in the Festival Centre during the Photo Festival.

Since 2008 Bookoff has been on the market as a specialist internet bookstore for art, photography, design and architecture market. Bookoff offers books and albums from the most interesting international publishing houses too, such as Aperture, AVA Publishing, Bulfinch, Focal Press, Laurence King Publishing, Loft Publications, Magnum Photos, Pepin Press, Phaidon, powerHouse Books, Random House, Rockport, Rotovision, Scalo Publishers, Schirmer/Mosel, Steidl, Taschen, Te neues, Thames & Hudson and many others.

Bookoff is an art bookstore which wants to make photo albums and rare art books which you often cannot find on the Polish market available to the public. If you do not find the book you are looking for, the staff can import it for you, both rare books, which have been sold out, and collection albums.

You can find an up-to-date offer on the website www.bookoff.pl For all festival guests, books and albums will be available in one of the spaces of the Grohman Villa, near [the reading room](#).
