

Express Yourself - help us create the community!

Top Secret, Creative Partner of the Fotofestiwal, is creating a special space for the audience of this year's event. This will be a unique place where the visitors will have the opportunity to express themselves and join the Fotofestiwal community.

Top Secret is a brand directed at modern and active persons who consciously seek ways for expressing themselves. We want our clients to derive joy and satisfaction from shaping their own image. We are not afraid of non-standard activities and going beyond generally accepted patterns. The values we live by are authenticity, courage, sensuality, fashion, beauty and modernity.

We would like to inspire you to break barriers as well. We would like to embolden you to undertake unconventional activity, abandon the role of viewers, and present yourself and share your art with the festival community. We encourage you to send us your photographic works or bring them directly to the Festival centre and hang them in the Creative Space we have prepared for you at the Grohman Villa at 9/11 Tylna Street in Łódź. This space is for you – the Fotofestiwal community – to express yourselves creatively and enjoy this wonderful event with us!

During the Fotofestiwal, our reporter will document the festival community – events, persons and emotions – at the main Fotofestiwal centre. Festival participants are invited to view the photo report at the Creative Space on a current basis.

PROFILAB LFP Sp. z o.o. helps us print the photographs. Thank you for your support!

Please send your photographs to: fotofestiwal@topsecret.com.pl
